

We have compiled this document to answer any questions you may have regarding our online learning provision during national lockdown.

We are a Google Classroom school, and this is our platform for remote learning during school closure.

We know how difficult remote learning can be for our children and families, so we aim to support you with a variety of video messages, pre-recorded lessons, engaging resources and live events. You may be out of our sight, but you are never out of our minds.

How does my child log in to Google Classroom?

Your child has been provided with a Google Classroom user name and password. Please contact us on 0208 6749051 if you require your child's log-in details again. Go to www.classroom.google.com to log in to your child's Classroom space.

You can also go to <https://bit.ly/2XwJonU> to log in via our school website.

Our [Remote Learning](#) section on our website provides further information for you.

How can my child complete their online learning?

- ✓ Your child should log in at 9am each day to see what learning has been set for them by their class teacher.
- ✓ There are two ways for your child to complete their work:
 1. Your child can complete their work on Google Classroom, on screen. They can then 'turn in' their work. [Please click here for the guide on how to do this.](#)
 2. Your child can complete their work in an exercise book, or on paper. They can then take a photo of their work and save it in their Google Classroom space. [Please click here for the guide on how to do this.](#)

What do I do if I am not able to access the remote learning?

- ✓ We understand that remote learning can be very challenging, and presents a number of issues for our parents and families.
- ✓ We have laptops and tablets available to give to any families who need them. Please contact Linda Williams, our Family Welfare Officer, at lwilliams@holytrinity.lambeth.sch.uk to request a device.
- ✓ Our teaching team will be calling you once a week, at least. Please let them know any issues you may have with Google Classroom.
- ✓ If your child is unable to access the remote learning at all, please contact the school so we can discuss what more we can do to support you. Call 0208 6749051.

What work will my child be receiving every day?

- ✓ Your child will receive up to 4 hours of remote learning every day.
- ✓ There will be a daily Reading, Writing and Maths lesson uploaded by 9am every day.
- ✓ Our teaching team will also provide a Topic, Science, PE and PSHE lesson once a week too.
- ✓ We will upload a range of helpful resources for you to support your child at home.

How does Holy Trinity's Virtual School work?

- ✓ Our Virtual School is open from 9am – 12pm every day.
- ✓ During this time, our teaching staff will be connected to Google Classroom, ready to answer any questions, respond to comments and check in on their children once the remote learning is under way.
- ✓ At 12pm the teaching staff will disconnect from Google Classroom. Any comments or questions may not be responded to during the afternoon. The children can continue with their learning in the afternoon, but must 'hand in' their learning by 3pm that day.
- ✓ From 3pm – 4pm, our teaching team will mark and respond to the work handed in on Google Classroom. We will aim to respond to every piece of work handed in.

I am worried that my child may be falling behind with their learning - what can I do?

- ✓ The remote learning that your child's teacher sets is aimed at giving them the best chance of ending the year with all the key skills they require.
- ✓ We will continue to review our remote learning, to try and make sure any gaps that do arise are filled in as quickly as possible.
- ✓ When our school does fully open again, we will provide a 'recovery curriculum' that will support your child's social and emotional wellbeing, as well as help to catch your child up with their academic progress.
- ✓ Please contact us if you need any further support or advice. We are here for you.
