Tuesday 16th March 2021

Dear Parents and Carers,

I am delighted to announce the launch of our new school values and mission statement. A variety of stakeholders, including children, staff, parents and governors, have worked with me on creating a new statement and set of values that represents our school and the direction in which we are travelling together.

Our new mission statement is as follows:

Every one of our children is unique and special. We are committed to providing an exceptional learning experience for all the children in our Holy Trinity family.

We strive to enable our children to acquire the knowledge, skills and characteristics they need to be successful in the wider world.

At Holy Trinity, we serve our community with compassion, empathy and kindness in all that we do.

Our school is a child-centred, positive and empathetic setting where staff prioritise the wellbeing and happiness of our children every day. This statement reflects the vision to prepare our children successfully for the wider world, focusing on each child's uniqueness with kindness and understanding in all that we do.

[We also have a new set of school values](#), which you may have noticed at the foot of this letter. These six values will be at the core of all that we do, and reflect our community's vision for our school both now and in the future. These values are:

Curiosity - we love to learn and are inspired to explore our world.

Hope - we aspire to be the best that we can be, caring for the world around us through fairness and equality for all.

Empathy - we embrace, understand and care for one another through kindness and respect.

Resilience - we grow because we learn something new every day, even if we stumble along the way.

Creativity - we express ourselves, develop our individuality and collaborate together.

Happiness - we enjoy our learning and celebrate one another's successes.

To bring these values to life, each year group has been set the challenge of creating a new display in our corridors that represents one of the values. I will share photos of these displays once they are complete in two weeks' time.

Now is the right time for our school to be represented with a new, bright and modern logo. The current logo has been part of our school for a significant amount of time, and it is one that does not fully celebrate the vibrant and creative school to which we belong.

This week, every child will be designing their own logo to be entered into the logo competition. On Monday 22nd March, our School Council and Head and Deputy Boys and Girls will select the top two from each class. Then, it is over to our parents and carers to vote for their favourite design online. Our winning design will be turned into a professional logo and shared with you all in April. I will write to you all again next week with further details on how you can vote for your favourite logo design.

Kind regards,

Mr Winn
