Spring Term | Issue No.16

Dear Holy Trinity Community,

I would like to take the opportunity this week to write about our wonderful staff team.

We love the work that we do, and all of us entered into this vocation for the love of working with children and helping them flourish and grow. It is an incredibly demanding profession; one that requires dedication, patience, resilience and endless positivity. We do it because that is what our children deserve.

Over the past two years, the team at Holy Trinity have taught and cared for our children under the most extraordinary circumstances, the likes of which many of us may never see again. We have taught in a different way, connected with our families and children despite being physically apart and understood that good mental health and wellbeing is now, more than ever, absolutely imperative for all within our community.

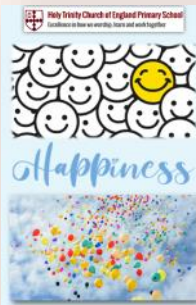

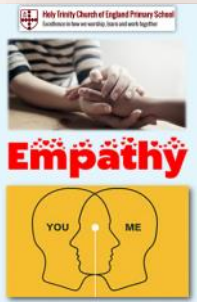

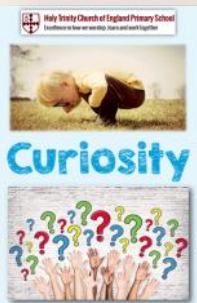

At all times, this team have worked tirelessly for our children and families. They are incredible. Schools in our area face a range of challenges, not least the financial challenge posed by ever-decreasing numbers of children. Our school is evolving in the face of these challenges, but our team remain steadfast, positive and patient... because that is what our children deserve.

If you get a chance over the next few days, please let our staff know that their work is appreciated. Our school is so lucky to have to them.

Wishing you all a happy, healthy and safe weekend.

Kind regards,

Mr Winn

## Online Safety and Technology Newsflash

### Safer Internet Day

Safer Internet Day is this coming Tuesday 8th February and this year's theme is 'All fun and games?...

Exploring respect and relationships online.'

Children need to learn the importance of staying safe and conducting themselves responsibly while interacting with others online, which for primary school aged children, is often through gaming. Please view these resources as they offer good tips for discussions that you may find useful to have with your children

EVERY  
MINUTE  
COUNTS

Better late  
than never,  
but never late  
is better.

Our registers close at 9am every day.

In my assemblies for some of this term we're listening to music.

Listening to music? You mean Christian music?

Not specifically, though our piece this week did happen to be written by a devout Christian - J.S. Bach.

So why is the Vicar leading assemblies where you just listen to music?

Music is part of the amazing way God has made this world. Music has the astonishing power to actually change our mood. Music is put together by humans and performed by humans, but it transports us to another place by acting on our emotions, our imaginations, and our spirits.

When we've listened to our music, we reflect on how it made us feel, or what we were imagining when we listened to it. Then we take what we were thinking about and bring it in to prayer - connecting our reflections with of God's character, and how we might live.

This week we listened to a Bach Partita, played on a mandolin. Bach marked his piece "double presto" - in other words, extremely fast. I think you need a few double espressos to be able to play it! It is an extremely detailed piece of music, and the playing has to be very precise and neat.

Afterwards, we thanked God that he has created all things, even the tiniest atoms - so his work is also extremely precise and neat.

And we asked God to help us in our work to be careful and neat as well.

How can you pray the next time you listen to some music?

Reverend Richard

# Spring Easter Dance Project

SPRINGS  
DANCE COMPANY

## EASTER PROJECT

*"From the first few minutes of the workshop I knew that Springs had something special about them. They just had a way of engaging every child with enthusiasm, passion and hard-work. It was faultless"*

*Head Teacher, Easter Project 2019  
at St Andrews School, Streatham.*

The Springs Easter Project leads pupils through a series of dance workshops that help them engage with the Easter story.

Children will learn and create movement in response to the story. There is opportunity for spiritual development and the children will use their imaginations and creativity, growing empathy, self knowledge, self-esteem and self-confidence.

The workshops can culminate in an informal sharing or performance of the Easter story by the pupils, which can be shown to the school and parents through either a live or filmed presentation.

The project can be anything from one to six days, and can be split into workshops looking at different sections of the Easter story. For example:

- Palm Sunday
- Washing of the feet
- Last supper
- Garden of Gethsemane
- Trial
- Crucifixion
- Rolling away of the stone
- Mary at the Tomb
- Resurrection

The project can be adapted to suit the school.

Many schools choose to use the company one day a week leading up to Easter. Some schools prefer to fit the workshops into an intensive week or another format.

Please call us to discuss the best option for your school.
