@Holy TrinityCE

Spring Term | Issue No.50

Dear Parents/Carers,

I hope everyone had a restful break, welcome back to school!

Our return to school this week has been very busy and productive. This week our year 6 pupils took part in an aspirational future education and world of work programme, culminating in a week of concentrated learning on a university degree subject in Year 6/P6 .

The programme led by INTO University aims to raise students' aspirations and promote essential transferable skills such as adaptability, problem solving skills, teamwork and effective communication. Our pupils reported that they have learnt so much by being involved in series of workshop and visits relating to higher education. It has made many think about pursuing further education beyond secondary school.

As part of the Schools Superzone Programme; Holy Trinity has been working with Asthma + Lung UK in identifying the various forms of pollution in the air and raising awareness of the impact of high air pollution.

For example: Short periods of high air pollution can trigger asthma attacks for people or cause difficulty breathing and coughing. This week a team representative from Asthma + Lung UK visited the school and shared insightful information with the children about ways in which everyone can help in reducing high air pollution.

This week's fruit of the Spirit is Love, in collective worship we reflected upon the many ways in which we show loving kindness and the impact it has upon everyone.

Galatians 5:22-23 says: "the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control"

Have a blessed weekend
Ms Pauline Thomas

(Acting Headteacher)

Holy Trinity Values Ambassador

Our Pupil Values Ambassador this week is
Aminata Kamara

You are always so willing to help others with a
cheerful and positive attitude. Well-done

Holy Trinity Staff Values Ambassador

Our Staff Values Ambassador this week is
Mr Paul Chetty

You have been an invaluable support to the pupils and
team in Year 6 with your positivity and hard work.
Thank you for all you do.

Excellence in how we worship, learn and work together!

FAITH FOUNDATION

**Amazing grace (how sweet the sound)
that saved a wretch like me!
I once was lost, but now am found,
was blind, but now I see.**

The "Amazing Grace" origin is found in John Newton's biography.

"Amazing Grace" lyrics are based on John Newton's experience of receiving God's grace and mercy, despite the terrible things he had done.

Prior to John Newton's life as an ordained minister, he participated in the Atlantic slave trade and captained a slave ship

The John Newton "Amazing Grace" story includes a near-death experience on one of these slave ships

During a particularly violent storm off the coast of Ireland in 1748, Newton prayed desperately to God to save him and his ship from sinking. As the ship was tossed back and forth, some of the crew were swept overboard, but Newton was spared, and the ship reached safety.

John Newton marks this event as his moment of **conversion** to Christianity which set him on a path towards redemption.

Gods' grace attended to John Newton, and this grace allowed him the time to turn to God and seek repentance.

Not many people have such an opportunity, many have passed away without taking advantage of such an opportunity presented to them

As we go about our day to day business, it is imperative that we take out time to reflect on our journey of life. What is it all about?

Gods grace is available to all, but not everyone will be like John Newton whereby Gods grace located him in the midst of his ungodly and inhumane trade

Regardless of where we all are today, our struggles, challenges, difficulties, Gods grace is sufficient and available to us all.

Have a blessed weekend

ONLINE SAFETY NEWSFLASH

Children's Digital Wellbeing Survey results

On 25th Jan Internet Matters released their annual, Children's Digital Wellbeing survey. The report is always insightful and useful, for example it gives us an understanding of the bigger concerns of parents. The key points below are positive and perhaps reflect the efforts schools are putting into promoting Safer Internet use for children.

Some key points from the survey are:

- Children:
 - Children feel less affected by online harms than they did in last year in relation to content that is upsetting or scary, 24% vs 35% in 2022, but this is still a quarter.
 - 60% of children say that being online makes them feel like they're part of a group, and 75% view technology and the internet as important to their independence.
 - Parents:
 - More parents are moderating their children's online activity with 21% of parents managing their children's usage a lot.
- More parents are talking to their children about what they are doing online and more children are talking to their parents after encountering various potential harms.

You can see the full report here: <https://www.internetmatters.org/hub/research/childrens-wellbeing-in-a-digital-world-index-report-2024/#full-report>

ONLINE SAFETY NEWSFLASH

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to build a trusted environment about online safety with their children, should they need it. This guide brings to you many apps which we believe trusted adults should be aware of. Please visit www.nationonline-safety.com for further guides, tips and tips for adults.

What Parents & Carers Need to Know about YOUTUBE KIDS

YouTube Kids is a child-friendly version of YouTube which offers a colourful and easy-to-navigate environment that's suitable for young children. This app is easily accessible and available for mobile devices, which can be downloaded without needing the YouTube app on the device. Despite YouTube Kids seeming like a very child-friendly platform, it has raised concerns over its advertising and inappropriate content seeping through the curation process.

SETTING UP

1 Download the YouTube Kids app and connect your own YouTube channel.

2 Input your child's name, age and birth month.

3 Select the types of videos you want to include for your child based on their age and your own personal choice.

4 If you decide to approve the content yourself, the app will present you with sample videos for you to accept and reject.

5 Once you've made your choice, you're ready to use the app!

Advice for Parents & Carers

REMOVE ADVERTISEMENTS

Like YouTube, adverts on YouTube Kids are also quite pervasive. If you decide you don't want your child being exposed to adverts, you can subscribe to YouTube Premium which will remove adverts on YouTube Kids. However, it's worth remembering that this doesn't block adverts that content creators decide to make as part of their content, and children are still able to access channels from branded fast food or toy companies.

BE WARY OF UNSUITABLE CONTENT

YouTube Kids has a far lower chance of showing unsuitable material than YouTube, but there are still reports of malicious users deliberately uploading inappropriate content. It's important that your child feels able to talk to you if they were ever exposed to unsuitable content in the future. It's also useful to report inappropriate videos: tap the three dots in the corner of the video and select 'Report'.

DISABLE SEARCH OPTION

YouTube Kids allows you to disable the search feature, which you may find useful in preventing your child from unintentionally finding age-inappropriate content. Doing this will also give you more control over what your child is watching. It's also worth noting that setting an age limit will ensure that your child is only exposed to recommended videos that are deemed suitable for their age group.

RESTRICT VIEWING TIME

The YouTube Kids app provides you with the option of setting up a timer to monitor and limit your child's daily usage, which automatically stops the video when it reaches the set time. It may be best to make use of this feature to prevent screen addiction, which can potentially lead to children staying up late late, affecting their mood and concentration the following day.

MONITOR WATCH HISTORY

YouTube Kids has also made it possible for parents and carers to see what their children are watching on the app by clicking on the 'Recent watched' icon in the top right of the home screen. It may also be worth having a look at what your child has recently watched by clicking on their history tab. The red bar on the video shows how much of the video has been watched.

WATCH TOGETHER

It's important to make YouTube Kids a fun and positive experience for your child. This may require spending time finding channels and content that you and your child will enjoy and benefit from. Try introducing family sessions where you can share the most enjoyable videos that you and your child have recently watched. This can be a great way of giving you and your child many new things to talk about with each other.
