Spring Term 1 Issue No.49

Dear Parents/Carers,

We have had an amazing Spring Term 1 which has been very busy and very productive. Thank you for all your support this term.

This week Holy Trinity took part in the national initiative Children's Mental Health Week 2024 led by the organisation Place2Be.

The theme for this year is 'My Voice Matters'.

'My Voice Matters' is about empowering children and young people by providing them with the tools they need to express themselves. Children and young people who feel that their voices are heard can make a difference and have a greater sense of community and self-esteem.

Our children at Holy Trinity took part in a range of fun and creative activities that gave them the opportunity to express themselves by sharing their ideas knowledge and skills. This Friday children expressed themselves by dressing in an outfit of their choice and contributed £1.00 and more towards the Place2Be Charity organisation.

Thank you parents/carers for your generous donation to Place2Be.

Kind regards
Ms Thomas

FAITH FOUNDATION

As we celebrate Pupils that have achieved great things in our school this term
Let's look at the significance of achieving great things, and look at few
examples in the Bible of young great achievers

David and Goliath

Maybe one of the best known stories in the Bible is the story of David and Goliath. When this story took place in 1 Samuel 17 David was probably only 17 years old. In this chapter we see David as an obedient son (1 Samuel 17:17-20), a brave soldier (verses 26 and 32), and, above all, a young man who fully trusted God (verses 37, 45-47).

David was a young man who trusted God to do great things. Therefore, David is known as a young man who did great things for God.

Young Lad with His Lunch

In the New Testament there is a story of a young boy who responded to a call to do something for the Saviour. Christ was surrounded by a multitude of 5000 men (with no mention of how many women and children there might have been) in John 6. Jesus looked to His disciples for a solution to the problem, the multitude were hungry and that it was late in the day. Of course, Christ already knew what He was planning to do (John 6:6).

Jesus asked Philip where they could get enough bread to feed the crowd. Philip didn't know, but doubted that it could be done with the limited resourced they had. Andrew sought for a solution. He found a young man with a meal of 5 loaves of barley bread and two small fish.

Like this little boy, we should be willing to hand over to the Lord anything that He requests from us. We may not know what He will do with it, but if we trust Him with our possessions and our lives, then He will do something wonderful like He did with this little lunch

Daniel and His Friends

Another beloved story in the Bible is in the book of Daniel. Many people would know the story of Shadrach, Meshach and Abednego when they were put in the fiery furnace. Even more would remember the story of Daniel in the lion's den. Did you know Daniel was somewhere around 80 years old when that took place?

Regardless of your age you are able to place your life in the hands of God and allow Him to work. God is doing, and will do, a great work in this world. He chooses to use people of all ages to accomplish His purpose. How wonderful it would be to allow Him to use us to accomplish great things for Him

Year 5 pupils went to the historic Town of Stratford upon Avon this week. They visited many sites including Shakespeare's birthplace and family home. Pupils learnt some Latin & tried their hands at writing using quills & ink. They learnt much about Mechanical art, design & creativity on a visit to the M.A.D Museum

ONLINE SAFETY NEWSFLASH

At National Online Safety, we believe in empowering parents, carers and trusted adults with the information to build a trusted environment about online safety with their children, should they need it. This guide brings to you a range of many apps which we believe trusted adults should be aware of. Please visit www.nationonline-safety.com for further guides, tips and tips for adults.

What Parents & Carers Need to Know about YOUTUBE KIDS

YouTube Kids is a child-friendly version of YouTube which offers a colourful and easy-to-navigate environment that's suitable for young children. This app is easily accessible and available for mobile devices, which can be downloaded without needing the YouTube app on the device. Despite YouTube Kids seeming like a very child-friendly platform, it has raised concerns over its advertising and inappropriate content seeping through the curation process.

SETTING UP

1 Download the YouTube Kids app and connect your own YouTube channel.

2 Input your child's name, age and birth month.

3 Select the types of videos you want to include for your child based on their age and your own personal choice.

4 If you decide to approve the content yourself, the app will present you with sample videos for you to accept and reject.

5 Once you've made your choice, you're ready to use the app!

Advice for Parents & Carers

REMOVE ADVERTISEMENTS

Like YouTube, adverts on YouTube Kids are also quite pervasive. If you decide you don't want your child being exposed to adverts, you can subscribe to YouTube Premium which will remove adverts on YouTube Kids. However, it's worth remembering that this doesn't block adverts that content creators decide to make no part of their content, and children are still able to access channels from branded fast food or toy companies.

RESTRICT VIEWING TIME

The YouTube Kids app provides you with the option of setting up a timer to monitor and limit your child's daily usage, which automatically stops the video when it reaches the set time. It may be best to make use of this feature to prevent screen addiction which can potentially lead to children staying up late late, affecting their mood and concentration the following day.

BE WARY OF UNSUITABLE CONTENT

YouTube Kids has a far lower chance of showing unsuitable material than YouTube, but there are still reports of malicious users deliberately uploading inappropriate content. It's important that your child feels able to talk to you if they were ever exposed to unsuitable content in the future. It's also safest to report inappropriate videos: tap the three dots in the corner of the video and select 'Report'.

DISABLE SEARCH OPTION

YouTube Kids allows you to disable the search feature, which you may find useful in preventing your child from unintentionally finding age-inappropriate content. Doing this will also give you more control over what your child is watching. It's also worth noting that setting an age limit will ensure that your child is only exposed to recommended videos that are deemed suitable for their age group.

MONITOR WATCH HISTORY

YouTube Kids has also made it possible for parents and carers to see what their children are watching on the app by clicking on the 'Recent watched' icon in the top right of the home screen. It may also be worth having a look at what your child has recently watched by clicking on their history tab. The red bar on the video shows how much of the video has been watched.

WATCH TOGETHER

It's important to make YouTube Kids a fun and positive experience for your child. This may require spending time finding channels and content that you and your child will enjoy and benefit from. Try introducing family sessions where you can share the most enjoyable videos that you and your child have recently watched. This can be a great way of giving you and your child many new things to talk about with each other.
